### Random Tips:

Groove quantizing music that isn't a groove;  
Memory access in Mac G5s

random  
tip

## 64 Trends: VSL's Vienna Instruments Player

VSL's new player brings their huge sample library under real-time control—on one sequencer track and MIDI channel

# reviews

## 20 Notre Dame de Budapest Pipe Organ

by Bruce Richardson

One of the world's most devastatingly impressive sample libraries

## 28 East West Quantum Leap Symphonic Choirs

by Nick Batzdorf

Great singers, great engineer, three separate mic positions in a great hall, and a utility program for making it sing the words you want.

## 48 Native Instruments Kontakt 2

by Doyle Donehoo

A major revision of this popular sampler adds convolution reverb, support for 64 MIDI channels, a new interface, and a whole laundry list of new features.

## 50 Percussive Adventures 2

by Chris Meyer

The second volume of the popular original loop and hit library is eclectic and fresh.

## 52 Prominy Les Paul Custom Electric Distortion and Clean Guitar library

by Craig Sharmat

The world's largest single-instrument sample library isn't all about size.
